

Lumberlands

Player's Guide

A setting conversion for the
Black Hack rules

By Norton Glover

Introduction

This is an adaptation of the *Lumberlands* setting found in the OSR zine called the ***Wampus County Travel Guide 1: Lumberlands*** by Lost Pages games.

Lumberlands is a system-agnostic setting with no stats or rules. This booklet provides the rules to create characters using the ***Black Hack*** RPG by David Black.

To use this booklet, you'll need a copy of the Black Hack rules and the Lumberlands zine. This was designed using the second edition of the Black Hack rules, though it should work with the first edition rules as well.

Both are available for sale online.

Classes

Lumber/Fighters

Starting Stats

Starting Hit Points (HP): roll 1d4 + 6

Starting Hit Die (HD): 1d8

Usable Weapons & Armour: Any and all

Attack Damage: See 'Scrapper'

D6 Trophy

- 1 Bare-knuckle Boxing Belt
- 2 Wooden Nickel
- 3 Ship in a Bottle
- 4 Silver Bullet
- 5 Ancient Arrowhead
- 6 Old Badge

Equipment

Every **Lumber/Fighter** starts with a distinctive and personal tattoo, which the Player should design and also choose a body location. Has climbing equipment.

Also choose to start the game with either A or B:

- **A** - Lucky Flannel (AV2), 2 hatchets, 2d6 coins, A chaw of tobacco
- **B** - Lucky Flannel (AV2), forestry axe (large weapon), 4d6 coins, pulp magazine

Feats of Strength

In social settings, a **Lumber/Fighter** can get an **Advantage** by performing a physical stunt to impress the public. Player must invent a suitably impressive stunt, then make a successful STR roll. If it works, all social rolls (persuasion, intimidation, etc.) for the day in that location will be at **Advantage**.

Notes

Pulpwood Toss

When in a forested area, the **Lumber/Fighter** can automatically find a log to throw as a weapon. **Nearby** range.

Scrapper

A **Lumber/Fighter** has a 'pool' of **Damage Dice** (d6s) equal to their HD.

When making an **Attack** distribute any number of these **Damage Dice** among any number of **Nearby** targets.

For each target the **Player** assigns the **Damage Dice**, the Player must come up with an exciting and bespoke narration for the Attack.

Make an **Attribute Test** for each target to see if it is hit, if so, roll the **Damage Dice** assigned to it and reduce its HP by that amount.

The pool of **Damage Dice** resets at the start of the **Lumber/Fighter's** Turn.

When you Gain a New Level

Acquire and share a number of **Experiences** equal to your current HD to advance a **Level**. When you gain a **Level**:

Roll a d20 once for each **Attribute** - if you roll over, it goes up one point, make an extra roll for one **Attribute** of your choice.

Gain 1HD - Roll 1d8 with Advantage to gain that many additional maximum HP.

Gain a **Damage Die**.
